Godfrey alerted the Director to rumors of troop movements in Saigon. The Director asked him to straighten this out as fast as possible.

Godfrey called attention to a completed memorandum on Chinese naval cruise missiles, which will be given standard distribution.

In reply to a question Godfrey outlined the status of the old city of Jerusalem.

Kent warned the DDCI that the Army rep at USIB this morning may move for a sanitized version of the Estimate on Chinese involvement in Southeast Asia. The Director said that he is against sanitization.

DD/P showed the Director a diagram transmitted electronically by the Office of Communications. DD/S said that he will have this considered for a Suggestion and Invention Award.

25X1

DDCI inquired as to the whereabouts of the Latin American specialist who accompanied [redacted]

25X1

DDCI said that with the Director's concurrence he will agree to a DIA request at USIB for an executive session on Cuba. The Director concurred.

The Director said that he would like to get Paul Warnke out to Headquarters for a briefing. (See Action 1)

The Director called attention to the importance of the summaries on disseminated Agency reports and memoranda.

The Director asked that a general examination be made of the ways in which the Agency's workings during the Middle East crisis could have been improved.

ACTIONS:

1. The Director asked Houston to ascertain when it would be convenient for Paul Warnke to be briefed and to let the Executive Director know.

2. The Director asked Parrott to inquire about the status of the briefing book on the Middle East which the Director left with PFIAB.
